

iBook Parent Contract

I, as the parent or guardian of a student in the EDGE project, understand that the iBook will be used in classes to enhance teaching and improve student learning. I understand that the use of this computer in these classes will be a very important part of the educational experience of my child, at school and at home. Failure to follow the guidelines I agree to below can significantly impact this experience.

I agree to the following conditions in order for my child to bring his or her iBook home.

I and my student are responsible for the iBook from the time it leaves the school until it returns. (Stolen iBooks will require a filed police report.)

I will make sure that the iBook travels safely between school and home in the bag issued by or approved by the school.

I agree that the iBook will not be connected to the Internet using any connection except one approved by the district.

I agree that no software, other than school-provided software, will be loaded onto the iBook.

I agree that there will be no tampering with the format of the computer while it is at home.

I agree to supervise the proper care and maintenance of the iBook while it is away from school.

I agree that the iBook and the power plug will return to school fully charged every morning.

Please check the Yes box on the Parent Permission form if you give your child permission to take the iBook home.

Please check the No box on the Parent Permission form if you do not give your child permission to take the iBook home.
