## Ch. 20: Whitefoot Makes Himself At Home

### Whitefoot the Wood Mouse

**Directions:** Draw a picture of your room at home. Pretend you are a critter on the ceiling looking down. This kind of picture is called a floor plan. Draw the walls. Draw your furniture, closet, lights, and toys. (Don't draw the stuff you need to put away.) Label each item you draw so a reader can know what each piece is.
