The Wonderful Wizard of Oz: Chapter 13

You are close to the end of The Wonderful Wizard of Oz. How would you summarize the events so far to someone who's never read this story? You are going to "sum it up" for that person.

You have \$750 to spend on your summary. Each word will cost you 10 cents. Write a concise summary of what you've read so far using no more than 75 words, or \$750. Stay within your budget!

(based on an idea found at ReadingQuest.org)
