Ch. 20: "Jerry Has a Dreadful Disappointment" **The Adventures of Jerry Muskrat**

Directions: Whom do you believe has filled in the hole in the dam? Write the next chapter. Begin with a story map for the characters, setting, and this problem. For events, have the animals find out who closed the dam and why. Explain their thinking and what they want to do about this new problem. Have the animals behave and think like the characters you already know. What solution will they come to in your chapter? Illustrate your work.
