"The Goblin of Adachigahara"

Directions: Each fall many of us dress up in silly, beautiful, or scary costumes and go from house to house begging, "Trick-or-Treat." If you were to dress up as the Goblin of Adachigahara, what would you put on? Would you be scary and ugly, or would you try to look like any nice old woman? Describe your costume and the story you would tell to anyone who asked who you were.
