

GINGER AND PICKLES

Directions: The story is about shopkeepers Ginger and Pickles. They allow their customers credit (buy now-pay later) and go out of business because they cannot pay their bills. Use this chart and predict what you think might happen. You may add new predictions as you read the story. List the vocabulary you think you might see, and add vocabulary you learn. Complete the Understanding and Connections portions of the chart as well. Use the back of the paper if you have more to say.
