“The Wonderful Hair”

The man in the story receives an answer to all his troubles in a dream. Many cultures believe that dreams reveal important secrets. Do you believe in your dreams? Would you act on something a dream told you to do, as the man in the story did? What if it was going to cause harm to someone, would you still do it?

Write an essay in which you explain why you do or do not believe in your dreams. Use examples from the story, or other stories, as well as personal experience to support your argument.
