"The Man, the Boy, and the Donkey"

Directions: In this story the Man and his son keep making different choices based upon what others think. Peer pressure causes many people to make choices they would not usually make. Tell of a time or make up a story about when you made a choice because you wanted to go along with friends. What happened? What might have happened if you made another choice? What other choices did you have? What would you do if this happened to you again?
